=====

As you surmised in  
our first "actual"  
meeting I am by trait a  
demonologist. The  
mere essence of  
Golgotha and of the  
dark Well of Souls  
spoke to me of your  
new visitor. As I am  
sure you know I was  
watching you previous  
to discovering this  
fact and as I stated I  
am surprised that a  
fiend has willing  
went into your body.  
Nevertheless I have  
a copy of the tome I  
said that I would  
acquire for you and I  
shall retrieve it for  
you. I believe this  
text may give you the  
means with which to  
extract the fiend  
from its phlactory...  
Your body and put it to  
rest.
